

Chamfering & Deburring Machine

VCF-500 SPMN 1203
Accessory: Side Mill Cutter Insert SPUN 422

VCF-500W
Accessory: Grinding Wheel
125Ø x 50 x 31.75Ø

VCF-500F
Accessory: Face Milling Cutter
Insert SEKN 1203

ORDER NO.	CODE NO.
VCF-500	1023-001
VCF-500W	1023-002
VCF-500F	1023-003

PRACTICAL

- A. UNIVERSAL APPLICATION.
- B. SIMPLIFIED OPERATION.
- C. FAST-ACCURATE-RATIONAL
- D. TIME SAVED.

FEATURES FOR VCF-

1. Simplified operation, suitable for unskilled personnel.
2. Easily to be bevelled for any length made of steel, cast iron, nonferrous metals, plastics, acrylic etc.
3. 500 : With exchangeable carbide inserts, knife can be changed easily to decrease cost and increase working ability.
4. 500W: With taper wheel or flange hot-processed parts also can be bevelled or chamfered.
5. 500F : Working base on surface milling principles, the deburring processing surface is same as the milling machine surface.

TECHNICAL DATA

Space requirement	500	500W	500F
	500X320m/m	500X440m/m	500X220m/m
Weight	29kgs	31kgs	31kgs
Voltage	3Ø220V or 1Ø110V/220V 50HZ/60HZ		
Motor output	0.7KW		
Speed	3500 r. p. m		
Lenght of guide rails	500m/m (Changable)	500m/m (Changable)	500m/m (Changable)
Height of bevel	0-3m/m		
Bevel angle	15° ~45° (Changable)	45°	45°

PLEASE NOTIFY VOLTAGE & PHASE, WHEN YOU ORDERING.
